IMPORTANT INFORMATION

The information above outlines the practice and range of support offered across the PRU in each area of need. High quality teaching (Quality First Teaching), differentiated for individuals, is the first step in responding to pupils who have or may have SEN (SEND Code of Practice 2015 Pg 99). Quality first teaching can be defined as:

- Highly focused lesson design with sharp objectives and differentiated curriculum planning, activities, delivery and outcome
- High demands of pupil involvement and engagement with their learning
- High levels of interaction for all pupils
- Appropriate use of teacher questioning, modelling and explaining

- An emphasis on learning through dialogue, with regular opportunities for pupils to talk both individually and in groups
- An expectation that pupils will accept responsibility for their own learning and work independently
- Regular use of encouragement and authentic praise to engage and motivate pupils
- (Personalised Learning A Practical Guide 2008 pg. 12)
