<p>To explore and investigate different inventors and their inventions through visiting different venues such as:</p> <ul style="list-style-type: none"> <li>● Bamburgh Castle</li> <li>● Alnwick Castle</li> <li>● Gibside</li> <li>● Dunstanburgh Castle</li> <li>● Warkworth Castle</li> <li>● Holy Island</li> </ul>	<p>This term we are focussing on an 'Historical Civilisations' theme to compare and contrast different ways people lived in the past through the Medieval period. This theme will introduce children to the different ways in which people in medieval times lived, wore and ate. Through investigating in Science the pupils will have a chance to explore how light has changed over the decades and what people used to use to see in the past and how they used to tell the time using a sundial.</p> <p>Pupils will gain historical knowledge of their local area and will understand how the United Kingdom's Civilisation was formed. They will be able to have the chance to experience first-hand, historic events in reality such as going to see Lindisfarne and Bamburgh Castle.</p>	<p><b>At the end of this unit;</b>  <b>Majority of children will be able to;</b>          To understand the difference of past and present          To gain local historical knowledge of civilisations in the past          To investigate light sources and ways to tell the time during the medieval period.          To begin to understand how the civilisation on the United Kingdom was formed.          To be able to compare and contrast Normans to present day in relation to where they live and what they used to eat.</p> <p><b>Most children will be able to;</b>          To start using scientific language such as fair test and investigation          To be able to investigate practically and scientifically to understand what can be done to make it a fair test          To begin to understand differences between the Normans and Saxons</p> <p><b>Some children will be able to;</b>          To understand why the Normans invented castles and weaponry.          To be able to explain significant events such as the Battle of Hastings          To be able to order chronologically different historical events</p>
