PRINCIPLE

Northumberland Pupil Referral Unit (PRU) shares Northumberland County Council's commitment to making the school a fully accessible and inclusive organisation that welcomes and respects the diversity of its pupils, staff, community and visitors to the school' (NCC Equality and Diversity Policy 2005).

The Single Equalities and Diversity policy ensures that the school complies with equalities legislation (Appendix 1) and satisfies the Ofsted criteria for making judgements relating to equalities, diversity and inclusive practice.

AIMS

The aim of this policy is to provide an overall framework for the school's action to:

- promote equality and eliminate unlawful discrimination for pupils, staff and others using school facilities
- make it clear that equality and diversity are embedded in all of the school's policies and practices
- promote community cohesion by creating opportunities whenever possible for pupils to interact with those from different backgrounds to themselves to enrich their understanding of community and diversity

Legislation identifies 6 equality strands as a structure for this framework:

1. Race
2. Gender
3. Disability
4. Religion/belief
5. Sexual orientation
6. Age

Commitment to Equalities and Diversity

The PRU is fully committed to discharging all of its equalities duties for all pupils, employees and visitors to the school site. The Single Equalities and Diversity action plan contributes to an overall commitment by the school to improve standards and to build a school community with a positive ethos that reflects the wider community.

The Local Authority is considered to be a key partner in the development of school policy as it discharges its role, 'to support all schools and other educational institutions to become more inclusive, through ensuring that the quality of learning, the attitudes and aspirations and the physical and mental well-being of Every Child Matters' (School Improvement Services, Children's Services, NCC).

The school will ensure that this policy and accompanying documentation are accessible by providing alternative formats on request and making them available on request in large print, Braille, on tape and in community languages other than English.

The school will ensure that procedures are in place to consider complaints or concerns. Procedures at Local Authority and school level are in place for dealing with allegations of harassment or discrimination and for recording and reporting racist incidents.

The Equality and Human Rights Commission (EHRC) is the enforcement body for equalities legislation and may serve the school with a Compliance Notice if it fails in its specific duties under the Acts. If the school fails to comply within three months of the Compliance Notice the EHRC can ask the courts to order the school to comply.

Implementation

The aims will be achieved strategically by aligning an Equalities and Diversity action plan with school priorities identified in the School Development Plan. Equalities targets and actions are therefore embedded in existing school policies and practice, including procedures for regular monitoring and review.

The school is committed to being a model employer and this policy therefore outlines how the duties relating to recruitment and employment practices will be met.

The school will develop appropriate support and training and make it available for all staff, including Members of the Management Committee, to develop their practice in equalities and diversity work.

Links to existing school policies and practice

The actions in this policy are based on:

- our strategic priorities
- existing relevant policies

School priorities

Current school priorities include the following sections:

- standards – develop curriculum and schemes of work to meet diverse needs
- community - develop community partnerships/liaison

Policy statements

- the curriculum, resources and assemblies will reflect and promote the ethnic, cultural and religious diversity of the school and of society locally, regionally and nationally and will portray members of all ethnic and cultural groups in ways which are positive and non-stereotypical
- pupils will have opportunities to study issues relating to intolerance, religious prejudice, racism and racial discrimination
- pupils will be discouraged from using any racist language and will be commended when they challenge such language
- all pupils will be given opportunities to meet their religious needs
- the PRU is committed to pupil tracking and target setting for all children

Disability:

- the PRU is committed to early intervention, target setting and regular monitoring of pupils with disabilities/special needs/learning difficulties
- all children will receive their entitlement to a broad, balanced and relevant curriculum, which is differentiated to meet identified individual needs through flexible and varied provision. This is confirmed in a child's Individual Educational Plan / Behaviour Plan
- appropriate use will be made of local authority support services to ensure that pupils with disabilities/special needs/learning difficulties fulfil their potential
- the PRU is committed to early identification of children with emotional and behavioural difficulties before such difficulties lead to underachievement, disaffection and exclusion

Gender:

- children will be given activities which encourage competitive and collaborative skills in equal measure
- boys and girls will be expected to complete exactly the same extra-curricular jobs around the school such as carrying books, light furniture and tidying and washing up

- staff will use opportunities which arise to explore how boys, girls, men and women have challenged, or can challenge, ideas about gender stereotypes

- all incidents of bullying and harassment, including bullying and harassment based on age, sexuality, religion and belief will be dealt with in an effective and consistent manner.

Action Plans

To ensure that all school action plans interrelate, PRU action plans will subsume race, disability and gender duties into this one plan.

In all action plans it will be understood that resources are targeted and utilised effectively to ensure that pupils with disability, special needs, learning difficulties, fulfill their potential. The PRU has a commitment to ensure that all children will receive their entitlement to a broad, balanced and relevant curriculum, which is differentiated to meet identified individual needs through flexible and varied provision.

Monitoring and evaluating

A range of information, including quantitative and qualitative data, will be used to monitor and evaluate the implementation of the action plan.

It will include:

- data by gender, age, ethnicity and disability on:
 - pupil attainment and progress, this may also be evident in the School Profile
 - access to the curriculum and subject areas
 - exclusions from school
 - exclusions from areas of the curriculum, including school trips and extra-curricular activities
 - punishment and rewards
 - staff recruitment, retention and career development
- analysis of racist incident report forms. It is a requirement to record, report and respond to racist incidents.
- Ofsted reports on the school's educational provision and standards
- consultation with parents, pupils, Governors and the Local Authority

Data will be used to inform the next action plan, ensuring that the commitment to equalities and diversity goes from policy to practice.

The school is required to monitor staff by ethnicity, including:

- staff in post
- applicants for employment, training and promotion

Each aim/issue/priority of the scheme designates a lead responsibility. Those designated will establish lines of accountability and make arrangements for reporting to the Leadership team and subsequently to the Management Committee and Parents.

Progress through the action plan will be monitored by the Leadership team and Management alongside the School Development Plan. The policy will be reviewed at least every three years. Updating will take account of changes in the law, government policy, Local Authority and school priorities.

This new legislation makes it unlawful to discriminate against people, other than in the most exceptional cases, on the grounds of

sexual orientation, religion/belief or age. Victimisation of a person is also unlawful.

Discrimination is unlawful in relation to education, employment and training, the provision of goods, facilities and services to members of the public.

Governing bodies need to ensure that policies and practices in their school take full account of these legal requirements to eliminate unlawful discrimination, harassment or victimisation on the grounds of sexual orientation, religion/belief and age.

OFSTED inspectors will ensure that schools are compliant with legislation as well as evaluating the impact of their actions. It is acceptable to produce a Single Equality Plan covering all of the requirements set out above. There is no requirement to repeat any of the content of this equality plan in the broader school plan, though it may be helpful to cross-refer to make clear how equality is embedded in all of the school's policies and practices.

Evaluations of the school's work in promoting equality and combating discrimination relate directly to the judgement on *how well equality of opportunity is promoted and discrimination tackled so that all learners achieve as well as they can* and also relate to other inspection judgements.

Evidence will be drawn from:

- Discussion with senior staff about attainment data and the relative performance of different groups of learners, including specific evidence that the school is monitoring this data and discussing its strategies to tackle any underachievement with the governing body and stakeholders
- Discussion with senior staff about how the school is promoting its relationships with parents and learners in 'hard to reach' communities
- Discussion with pupils about the effectiveness of the school's strategy to promote equality including its initiatives to combat bullying
- Analysis of the rate of exclusions for pupils from different groups
- Direct observation of learners in lessons and around the school to evaluate the impact of the school's strategies on pupils' outcomes, such as their language and literacy skills, social and cultural development and the ability of learners from different backgrounds to work together.
